## About PayQR

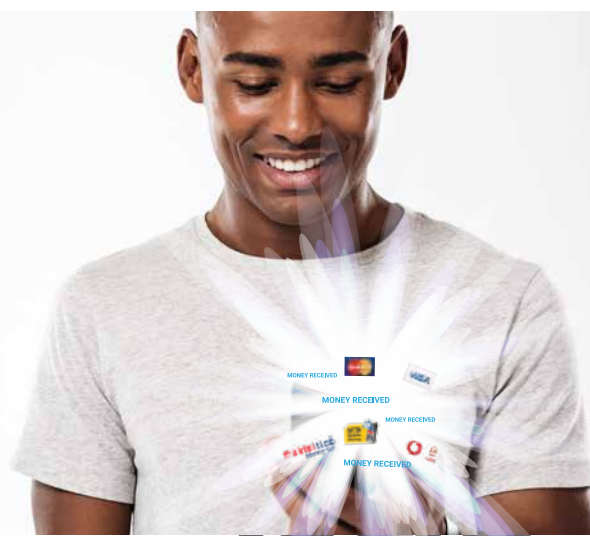

PayQR is a payment solution designed to enable you to receive payment through a QR code. It is best used when your customers/members are physically at your premises.

It is easy to setup and use. You create a unique QR code on [www.PayLink.today](http://www.PayLink.today) and you can place the PayQR code at your premises, such as: on your counter, or your screen, or anywhere.

PayQR enables you to manage your payments on a dashboard. You can also embed it into your website. Integration is not needed as the QR code is plug and play ready.

You can be paid through Card transaction or Mobile Money. PayQR accepts all payment types in Ghana and around the world, including eWallets.

PayQR is safe and secure and is powered by PaySwitch. PaySwitch is a payment processing company in Ghana. It operates with world class standard technology platforms and professionals and has so far completed numerous transactions that are backed by fraud prevention solutions. PaySwitch is certified under the Data Protection Act, Act 2012 (Act843), ISO 27001 Certified and PCI DSS Compliant. PaySwitch operates under the new Payment Systems and Service Act, 2019 (Act 987).
